IOU PROSPECTIVE GRADUATES 2023 GRADUATION CEREMONY

Chancellor's Formal Address

As the Founder and Chancellor of the International Open University, I am very pleased to see the graduating class of 2023! Congratulations to all of you for your great achievement. In this era of technological advances, it is indeed an incredible feat to complete your undergraduate and postgraduate studies completely online, from various corners of the world.

In many ways, you are much different from your predecessors who graduated from IOU in the beginning years. Although we are a nascent organization, we have experienced phenomenal changes in a short span of time. Technology took great strides in the past decade, covid changed the world like we never imagined it could and online education took to the world stage in a way that would have taken many decades to happen otherwise.

Among all of this, you, our graduating class of 2023, remained steadfast in your studies and completed with flying colors. I applaud your efforts, commend you for your success and wish and pray for your continued success ahead in life. On all fronts, as a citizen of your country, as a responsible member of your community and most importantly as an obedient servant of Allah, always remember the valuable knowledge you have gained and always implement the best of its teachings.

What further sets you apart from others is that your diversity will be a great source of your strength. Please note that in the graduating class of 2023 alone, we have graduates from 57 different countries of the world. I encourage you to keep in touch with the university and with one another, and to collaborate and cooperate in good ways, projects and ideas that can benefit your own communities, the Muslim ummah and the world at large.

And finally, please receive my heartiest congratulations once again! My congratulations and very best wishes to you and your families for your great work and achievement. This is not the end of your journey, rather this is the beginning. You have a long way ahead, so I pray that Allah grant all of you success in both worlds, a thousand ameens!

Message from the Vice Chancellor

Assalamu alaikum warahmatullahi wabarakatuhu dear graduates, our students and distinguished guests of the 9th Convocation Ceremony of the International Open University (IOU).

It is a great pleasure and honour for me, on behalf of IOU, to congratulate our most recent batch of graduates, Fall 2021 and Spring 2022. This is indeed an extraordinary moment in your lives as you complete your formal education and step into the world as graduates of the International Open University.

The key here is to remember that you are special. You are special because you understand the value of seeking useful, beneficial knowledge. The knowledge is only complete and beneficial if it makes you a whole Human Being whose education helps to earn a decent living and live a respectable life.

We at IOU emphasise nurturing your appreciation for useful knowledge. The knowledge that would help you to be better citizens of your countries, better human beings and better in various ways.

The knowledge you earn should inculcate certain core values in you: do your work honestly, respect Allah's creation, make wise decisions, adopt approved attitudes to everything, and most importantly, be guided in the way of Allah.

I also want to highlight that your studies and qualifications earned at IOU are very important to us. We have been relentlessly working with NAQAA, the accreditation authorities here in The Gambia, where the IOU headquarters are based. We

are glad to say that we are doing very well in this regard. We have successfully completed the accreditation process for all the undergraduate programmes and have embarked on the accreditation of the Masters' programmes.

A number of our alumni, your predecessors in IOU, are getting admitted into different prestigious universities around the world, notably in the USA, the UK and Malaysia, to name a few. Many others are excelling in their jobs or joining prestigious jobs.

I hope and pray the same for you. For your success. And when you progress in your educational and professional career, always focus on the good teachings you acquired, remember that useful knowledge sets one apart from others.

My sincere advice to you is that you stay focused, stay humble. And read. Read beneficial works, as we have a long legacy of scholarship in Islamic Studies and contemporary beneficial works. Stay in touch with others who share your vision. Build a community and connect with the global community using the knowledge you have gained. Be the Ambassadors of IOU. Remember that it does not matter how much you are educated, if it does not shape you to have the characters we should emulate in our Prophet, if it does not make you the person everyone can look up to with confidence for advice and emulate you for your honesty, humility, and decency, then you would have failed. Let your education make you among the best of mankind.

And finally, I congratulate all of you once again! Today is your special day and my best wishes to you and your families!

I extend special appreciation to all the IOU Staff and Admin for their excellent work in guiding you to this stage. May Allah repay all abundantly.

Barak Allahu feekum

Assalamu alaikum warahmatullahi wabarakatuhu
