

INTERNATIONAL
OPEN UNIVERSITY

IOU PROSPECTIVE GRADUATES
2024 GRADUATION CEREMONY

Chancellor's Formal Address

As the Founder and Chancellor of the International Open University, I am especially honored today to address you, our esteemed graduates, on the importance of building and maintaining global unity and human progress through education, a fundamental mandate of IOU. Education, my dear graduates, contains a unique ability to eliminate ignorance and provide essential guidance to human society. It serves as a catalyst for the advancement of communities and human civilization as a whole. Allah informed us in the Quran that "He taught Adam the names of all things." (Surah al-Baqarah (2):31) However, without divine guidance, knowledge can easily become a great source of human tragedy and destruction, as in the case of the first two atomic bombs dropped on the Japanese cities of Hiroshima and Nagasaki at the end of World War 2.

All humans are descendants of Adam and Eve, bound together in communities, countries, and continents. The only way to collectively advance human civilization through education is to keep moral values firmly embedded in everything which is taught in our educational institutions, from kindergarten to PhD. At IOU, we offer a distinctive educational experience, where the beauty of Islamic morals is deliberately interwoven into every department and every course, emphasizing the great importance of character and virtue, above all else. This is according to the wellknown statement of the Prophet (PBUH) that he was only sent to establish the pinnacle of moral character.

This Convocation Ceremony marks the momentous occasion of IOU's 10th batch of graduates, celebrated both offline in The Gambia and online globally. To all the graduates, I wholeheartedly congratulate you, as you venture into the world equipped with the precious gift of Islamized education from IOU. I strongly encourage you to join hands with your class and batch mates from all corners of the globe in order to collectively strive for the betterment of human society and the advancement of the Muslim nation through education.

May Allah bless your future endeavors and put them on your scale of good deeds.

Message from the Vice Chancellor

As Vice-Chancellor, I am privileged to witness the transformation of bright minds into accomplished individuals, ready to make a positive impact on the world. My warmest congratulations to all our graduates of the 10th convocation ceremony of the International Open University. As we celebrate this momentous occasion today and you embark upon your future endeavors, I hope you will carry the torch of excellence forward.

The International Open University firmly believes in the power of education to transform lives and shape societies for the better. By infusing Islamic values into every aspect of our curriculum, we strive to empower our students with the tools to become knowledgeable and compassionate leaders who can contribute positively to their communities. Our goal is not only to impart knowledge but also to inculcate the required spiritual morals necessary for a better society, good leadership, and peaceful co-existence.

Education within the framework of Islam creates a harmonious balance between faith and knowledge, highlighting the importance of seeking both worldly and divine wisdom. Islam teaches us that seeking knowledge is a fundamental duty for every Muslim, and it is through this knowledge that we can enlighten ourselves and our societies.

To our graduating students, congratulations once again on reaching this milestone. It is through your hard work, dedication, and commitment to your studies that you stand here today. You have imbibed the values of Islamized education, and we are confident that you will go on to become ambassadors of peace and unity, showcasing the power of knowledge rooted in Islamic values.

As we celebrate the achievements of our graduates, we must also express our gratitude to the parents, families, our academic faculty and staff members.

Our graduates, always remember that you carry the legacy of IOU with you. May you continue to inspire, innovate, and lead with integrity.

Wishing you all the very best in your future endeavors.
Jazakallahu Khairan. May Allah bless you all.
